

Event Management

Learning *express*

Let LearningExpress simplify live CE management

LearningExpress is the simple, affordable solution for Pharmacy CE Administrators who want to manage events on the web.

- Easily upload program details to your custom website. List events in your CE Catalog or offer private programs.
- Create your entire event on one page - no switching back and forth between pages
- Add, copy, edit, or delete events and evaluations
- Deliver course materials and pre-tests online
- Let the event calendar help you plan - see the big picture

Store all the information you'll use again on your custom website

Automate registration, payment, and evaluation

- ▶ Let participants register and pay online - while you track enrollment & total revenue in real time
- ▶ Set enrollment limits and let LearningExpress manage wait lists
- ▶ Set and change prices, enable coupon codes, or offer activities for free
- ▶ Deliver evaluations and credit statements online – and generate auto-email reminders

**LearningExpress is four easy-to-use tools in one -
no more cobbling together web services!**

- ① An online CE delivery and processing tool
- ② A registration and tuition collection tool
- ③ An automated email broadcasting tool
- ④ A reporting and surveying tool
